

Pharma Project – Exact needed texts for completion

Questions 1-5

Question Text (This will be the question for the user.)

All the choices

An explanation for the user getting the question wrong. (Could be set per wrong choice if desired)

An explanation for the user answering correctly. (Could simply be “Correct!”)

Introductory text (This will be the text displayed after the user swipes down from the initial splash screen, with the Start button under it.)

Any other possible texts forgotten!

Also the desired specific image to use as background, if there's no preference, we'll use an image of pharmacists working at a lab as discussed.
