Q5

Cindy is a 19 year old girl who joined college 1 month ago. She has a coverage for her birth control pills Alesse 21 under her mother's plan. And got it covered for 3 month supply previously. When she is trying to get it filled now, the insurance is declining the coverage. What might be the issue?

- ☐ a) She is not a child under age.
- ☐ b) She has insurance from her college that needs to be used first.
- ☐ c) This drug is not covered by her mother's insurance.
